3. The briefing was well received and, after some discussion, General LeMay indicated that he understood the support requirement and that a new "buy" of a KC-135B squadron was in order. He asked Colonel Geary to make arrangements to brief Dr. Charyk as soon as possible. Colonel Geary later indicated to Colonel Ledford that the earliest possible date for this briefing would be 28 January.

4. In the interim, Lt. Colonel Miebaum has been invited by Colonel Ledford to visit Project Headquarters for familiarization purposes, as well as to begin to identify the necessary action items which will be required to achieve operational OXCART tanker support. Colonel Miebaum is a KC-135 pilot
